# right **Reflective**

Series : High Bright  
Backing : 65% Polyester/35% Cotton  
Color : Silver  
Remark : High Temperature  
High Washable Fabric  
Passed : EN471; ANSI107; AS/NZS 1906.4:2010  
Reflectivity  $\geq 450\text{cd}/(\text{lx} \cdot \text{m}^2)$   
High Visibility Material Test  
Washing 100 cycles at 60°C  
Washing 30 cycles at 92°C (ISO6330)  
Dry Cleaning - 50 cycles (ISO3175)  
Industrial Wash Standard - 50 cycles  
Ideal for high visibility, high washable safety  
protection garments.

Item No: VB2111H/IW

### INDUSTRIAL WASH

Series : High Bright  
Backing : 100% Cotton  
Color : Silver  
Remark : High Reflective  
Fire Retardant Fabric  
Passed : AS/NZS 1906.4:2010  
High Visibility Material Test  
Industrial Wash Standard  
Passed : AS/NZS 4824:2006  
& ISO 15384:2003MOD  
Protective Clothing for Fire Fighters  
Passed : EN471; EN469; ANSI107 certified  
Sub-base 100% cotton  
Reflectivity  $\geq 450\text{cd}/(\text{lx} \cdot \text{m}^2)$   
Washing 50 cycles at 60°C (ISO6330)  
Dry Cleaning - 10 cycles (ISO3175)  
High Fire Retardant & Heat resistance  
Ideal for working fields of fire protection  
& electrical systems.

Item No: 301/FR

### FIRE RETARDANT

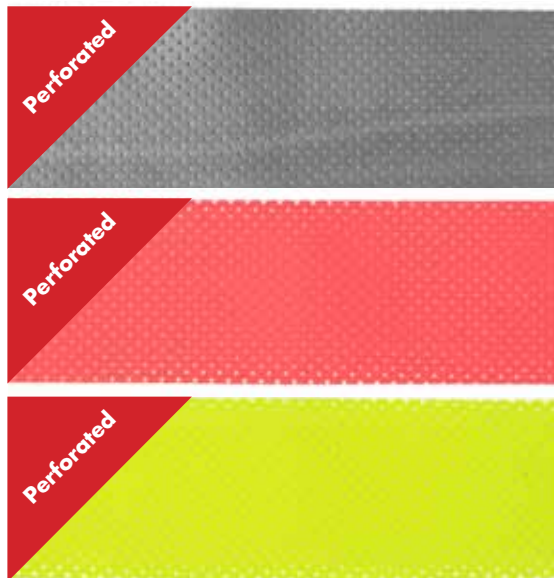

Series : High Bright  
Backing : Polyester knitted  
(stretchable)  
Color : Silver  
Remark : Available in tape form per request  
Passed : EN471

## right **Reflective**

Item No: VB2811

### STRETCH

# right **Reflective**

Series : Fire Retardant  
Backing : 100% Cotton  
Color : Silver (others on request)  
Passed : EN ISO 14116:2008  
Clause 6.1 Thermal Performance  
(with 50 x cleansing pretreatment 60°C)

## right **Reflective**

Item No: Perforated IW/FR

Series : Fire Retardant  
Backing : 100% Cotton  
Color : Yellow/Silver & Orange/Silver  
Passed : EN471; EN469; ANSI107; NFPA1971  
UL (USA) certified  
Sub-base 100% M-aramid (Nomex)  
Reflectivity  $\geq 400\text{cd}/(\text{lx} \cdot \text{m}^2)$   
Washing 50 cycles at 60°C  
Washing 30 cycles at 90°C (ISO6330)  
Dry Cleaning - 20 cycles (ISO3175)  
Industrial Washing - 10 cycles  
High Fire Retardant & Flame Resistance  
Five minutes no charring at 260°C  
Ideal for working fields of fire protection,  
electrical systems and high requirement  
on washable at high temperatures and  
dry cleaning of the substrate.  
Heat-transferred onto highly visible  
tape in different widths for making of  
safety wear.
