Dry Cleaning Instructions

Dryclean in any solvent normally used for drycleaning

Dryclean in perchloroethylene, white spirit, or fluorocarbons as normally used in drycleaning

Dryclean in accordance with  but with strict limitations on either the amount of water and mechanical actions or drying temperature or both. Where the drying temperature is to be limited, such temperature should be stated

Dryclean in white spirit or trichlorotrifluorethane only

Dryclean in accordance with  but with strict limitations on either the amount of water and mechanical action or drying temperature or both. Where the drying temperature is to be limited, such temperature should be stated

Do not dry clean

To be used where washing is inappropriate. For furs and leathers an additional instruction to take to a fur or leather specialist is recommended

DRYCLEAN ONLY

The phrase 'Drycleaning Recommended' should be used where this cleaning process is considered preferable to washing, although the latter may be permissible

DRYCLEANABLE
OR
DRYCLEANING
RECOMMENDED
